

BPL Support Hub

Connecting families in need with essential support services

The Challenge We're Solving

Below Poverty Line families face significant barriers accessing critical welfare programs

Limited Awareness

Families don't know what programs exist or where to find them

Complex Paperwork

Verification processes overwhelm families with documentation requirements

Digital Access Gap

Poor connectivity and limited guidance create additional obstacles

Fragmented Systems

No single point of access for coordinated welfare services

Our Mission

01

Connect families with verified programs

Centralized access to government and NGO welfare schemes

02

Simplify applications and tracking

Streamlined processes that reduce confusion and time

03

Provide real-time assistance

24/7 helpline and emergency support when families need it most

04

Empower through opportunity

Education, healthcare, and employment pathways for lasting change

The image shows a smartphone screen with the 'Welfare' app. The app's header includes a logo with the letter 'B' and the title 'Welfare' with the subtitle 'Repare food dant'. A menu icon is in the top right. The main content area starts with a section titled 'Welfare' and a sub-header 'Mrsiney Sute-'. Below this is a card for 'Dwelfeard' with a 'Sementel' button and a 'Gold' label. Another section titled 'Halfane' shows a 'Soodseodannd' button, two icons labeled 'Oliveer' and 'Khark', and a 'Boltamoes' button at the bottom. The background of the phone screen is a stylized illustration of a field with wheat and green bushes.

Locate nearby food banks, housing, healthcare support

Enter personal, household, document details easily

Schedule assistance or contact helpline

Connect to learning, jobs, growth opportunities

Platform Features

Volunteer Hours

Dedicated community support driving change

Increased Awareness

More families engaging with available welfare programs

What We're Learning

What Works Well

- Simplified access to multiple welfare services in one place
- Real-time assistance creates trust and reliability
- Transparent workflow reduces confusion and frustration
- Multi-language support reaches diverse communities

Areas for Growth

- Add user testimonials and success stories
- Expand mobile accessibility features
- Increase regional language coverage
- Strengthen offline support options

The Road Ahead

Expanding our impact through strategic partnerships and innovation

E-Governance Integration

Seamless connection with government welfare systems for faster processing

NGO Collaboration Dashboard

Coordinated platform for volunteers and organizations to work together

Enhanced Analytics

Deeper insights to optimize resource allocation and program effectiveness

Community Storytelling

Amplifying voices of families whose lives have been transformed

Gratitude & Growth

What We Gained

This project deepened our understanding of how technology can address real social challenges. We strengthened:

- Collaborative problem-solving skills
- Critical thinking about systemic issues
- Community empathy and awareness
- Technical innovation for social good
